Scout Campground located behind Picnic Shelter #3

Maumelle Campground sits along the beautiful Arkansas River, offering boating, fishing and birding for outdoor enthusiasts.

The campground is set on the McClellan-Kerr Arkansas River Navigation System, a series of navigation pools used to help ships navigate upstream toward Oklahoma.

The Arkansas River is one of the Mississippi's largest tributaries, flowing 1,450 miles from the Rocky Mountains of Colorado, through to Kansas, Oklahoma and Arkansas.

Wintering eagles can be seen in large numbers along the Arkansas River. Most of these eagles migrate from Canada and the U.S. Great Lakes region.
